## POSTGAME QUOTES

### **LOGAN SHAW (OVERTIME GAME-WINNING GOAL)**

#### **On the resolve the team showed heading into overtime:**

We've been in that spot a lot this year. Not saying that we've blown games but there were times where we had leads and other teams came back. So we've been through pretty much everything you can imagine this year and I think we have a lot of belief and a lot of faith in our group. I've said it throughout the whole season but the other team is trying to win a game too...When they scored that goal, it sucked at the time but I had all the faith in our group for sure.

#### **On Vinni Lettieri:**

That's his game, he's a big time, big game player. He was doing that all year for us. He might not have had the same goals that he had throughout the year but he's still a big player for us. He's flying out there. He's playing great hockey and not just offensively but everyone in that dressing room has bought in and he's one of those guys that's leading the way and guys are following him. It's obviously very nice to have him out there,
