# COMMUNITY REPORT

The Calgary Flames Alumni—founded in 1993—is one of the oldest Alumni chapters in professional hockey. They are here to help those in need and make an impact in the community having raised millions of dollars for charity. There are currently more than 150 Alumni who have decided to call Calgary home.

Thank you for your support of the Calgary Flames Alumni. We hope you take the time to review the 2022-23 Calgary Flames Alumni Community Report.

## Toast of the Town

On November 10, 2022, the Calgary Flames Alumni celebrated Lanny McDonald's legendary contributions to the sport of hockey as well as his community service. Lanny was a legend who had inspired so many and really was the "Toast of the Town."

The proceeds of the event benefited the Cure Cancer Foundation in support of Blood Cancer Research at the University of Calgary and the Calgary Cancer Centre as well as Cerebral Palsy Kids & Families and additional Flames Alumni charitable beneficiaries.

The Cure Cancer Foundation is a new grassroots movement that was founded by a group of people with decades of experience in raising funds for cancer research and treatment here in Alberta. The primary goals are to raise money for cancer research and to end the serious battles people face every day from the moment they hear "you have cancer". They are passionate about finding a cure and enhancing the lives of Albertans dealing with the disease and partner with Cancer Centres, other Cancer Foundations and Universities to drive the push to cure cancer.

Cerebral Palsy Kids & Families are a family-focused community leader that provides support, resources, and opportunities to children and families living with physical disabilities, including cerebral palsy, throughout their life journey. They offer a range of programs and events that create a positive and consistent support system for families, and provide opportunities for kids to experience the simple joys of being a kid.

The night saw many great Calgary Flames Alumni come together to raise money for great causes and celebrate an amazing teammate and mentor.

## Glencross Invitational

2022 saw the 9th Annual Glencross Invitational take place. This year's event looked a little different as it included a charity hockey camp. This was followed by the famous poker event.

Previously the Glencross Invitational featured Bronc Riding, the committee chose to send the broncs to pasture and instead feature a charity hockey camp. Four teams faced-off for the Glencross Charity Camp Championship, with players lining up next to some of the best to ever play the game.

Following the tournament, the cards were shuffled and the chips ready as sponsors and celebrities took their seat at the table for the 9th annual Glencross Celebrity Charity Poker Event. All proceeds from the Glencross Invitational Charity Camp and Poker Event were donated to the Hockey Alberta Foundation and Ronald McDonald House Charities Alberta. This year's event raised \$165,000. To date the Glencross Invitational has raised 1.9 million.

## Calgary Flames Alumni Hockey School

PRESENTED BY

Scotiabank.

The Calgary Flames Alumni held their inaugural Hockey School in the summer of 2020.

The goal of the Calgary Flames Alumni Hockey School is to offer families a reasonably priced option to keep kids active and engaged in the sport of hockey.

This camp also allows the alumni group to re-connect and give back to the community by sharing their knowledge of the game. The 2022 Hockey School saw 16 different members of the Calgary Flames Alumni out over the course of 2 weeks to spend time on the ice with participants.

WINES & SPIRITS

2023 marked the 29th year of the Calgary Flames Alumni Masters Tournament. To date the event has raised over \$3.1 million dollars. The Masters Tournament, presented by Willow Park Wine and Spirits, is an annual charity golf tournament hosted by the Alumni. 100% of the proceeds from this year's tournament directly supported Cerebral Palsy Kids and Families and their Adapted Bike Program. The 2023 event raised \$150,000.

The Alumni Masters has also provided a specific time each year for alumni to gather together and engage. This is helpful in creating the strong knit community the Alumni in Calgary have created. Fifty different alumni participated in this year's event.

Cerebral Palsy Kids & Families provide family-focused support, resources, programs and opportunities to Calgary area individuals and families living with physical disabilities. In response to the largest community needs, they have successfully developed flagship programs including their Family Support, Adapted Bike, Equipment Loan and Technology Support programs. Over the past nine years, with the help of the Calgary Flames Alumni Masters Tournament, over 1,500 kids living with a physical disability have experienced the simple joy of riding a bike. Funds raised from this year's event will be used to expand the Adapted Bike and Equipment Program which is the largest of its kind in North America.

## Alumni Toy Drive

IN PARTNERSHIP WITH

December 2022 saw the Alumni host their 5th Annual Alumni Toy Drive. In partnership with the Calgary Police Youth Foundation, Women In Need Society, and new this year Woods Homes, the Alumni are able to help families have a Christmas that they would not otherwise be able to provide.

The Alumni put together Hampers for 20 families handpicked by the Calgary Police Youth Foundation and together with CPS officers delivered the hampers on Christmas Eve.

The Calgary Police Youth Foundation is a registered charity committed to keeping Calgary's youth safe from crime and victimization. Through the Programs funded by the Calgary Police Youth Foundation and delivered by the Calgary Police Service and other community partners, over 30,000 youth annually are provided with education, crime prevention, early intervention, and risk reduction resources intended to support a crime free life.

By connecting with youth in their developmental years we can ensure that they receive emotional and practical support at a time in their lives when it is most impactful. With your help, we can forge a promising future where children and youth can thrive and become responsible citizens.

A large number of items are donated to WINS (Women In Need Society). The charity will set the toys up at one of their locations and women accessing the program can come down and choose a gift for their child.

Founded in 1992, Women in Need Society (WINS) is Calgary's homegrown thrift charity, providing basic needs resources and support to women and their families.

This year was the first year the Alumni were able to partner with Woods Homes. Wood's Homes is a mental health centre. They provide treatment and support for children, young people, adults and families with mental health needs.

## Jr. Flames Program

PRESENTED BY

The Calgary Flames Foundation, the Calgary Flames Alumni, and Hockey Calgary have partnered to offer the Jr. Flames Hockey Program. The 8-week game play program will be open to players who have graduated from a try hockey program or at minimum have basic skating and hockey skill. This program was designed to help bridge the gap between the introduction to hockey programs and the registration into a fully immersive hockey program.

The alumni provided coaches for each of the sessions during the eight weeks of the program. During the 2023 season 17 different alumni participated, sharing their knowledge and excitement for the game.

The second season saw 315 kids register. This was an increase of over 100 kids from the inaugural season.

## SuperHEROS

Lead by Colin Patterson, members of the Calgary Flames Alumni were in attendance for all sessions of this year's SuperHEROS program. SuperHEROS is open to youth ages 7-17 with cognitive and physical challenges and like all HEROS programs is completely free. Since becoming involved with HEROS/SuperHEROS, the Flames Alumni have helped create an incredible sense of community throughout the Calgary chapter. Many SuperHEROS parents never thought their child would have a place in hockey but seeing them skate with the NHL legends they grew up watching changed this narrative and created a world of opportunities they never thought possible. Having an NHL alumni hockey player telling them that they are hockey players makes them feel like there is a place for them in the game.

The Alumni are on the ice interacting with the kids and spending time with the families. In 2023 the Calgary Flames Alumni donated \$15,000 to the Super HEROS program. A portion of these funds facilitated bringing a team of SuperHEROS from Calgary to Red Deer to face off against a SuperHEROS team from Edmonton, giving the players a chance to see a new arena, meet new mentors and experience the thrill of travelling to an away game.

## NHL First Shift

Jamie Macoun and Curtis Glencross represented the Calgary Flames Alumni participating in the NHL/NHLPA FIRST SHIFT program. This program is designed to ensure a positive experience for new-to-hockey families. FIRST SHIFT is designed to facilitate entry into hockey by offering a program that is accessible, affordable and safe and most importantly fun!

This program takes away any intimidation as it relates to equipment requirements and rules of the game. Curtis and Jamie spend over 100 hours helping introduce families to the game of hockey from equipment fittings to on-ice instruction and visiting with the families. The 2022-23 edition of the program saw 280 children register to try hockey for the first time. This was up from 210 children in 2021-22.

**Calgary's Kids**

● LUNCHES ● PROGRAMS ● SOCIAL CHANGE

Brown Bagging for Calgary's Kids provides nutritious lunches prepared by volunteers all over the city daily. They want to ensure kids facing food insecurity at home head to school knowing they will receive nutritious lunches whenever they feel hungry. The food they provide is more than food. It is love, connection, care and a possibility of a future.

The Calgary Flames Alumni visited the kitchen in October of 2022 and again in March of 2023. They donated a total of \$40,000 to help provide food as well as equipment for their new kitchen space. Over 20 different alumni participated and 4,500 lunches were prepared.

## NHL Future Goals

The Future Goals—Hockey Scholar program is designed to leverage STEM in hockey to create a fun and memorable learning experience. The program is designed for K-12 students, with online digital courses that leverage highly interactive gameplay and the sport of hockey to reinforce key concepts like scientific thinking and data analysis, exposing students to foundational STEM concepts through real-life applications.

The Calgary Flames Alumni lead by Mason Raymond have supported the program since its launch in Calgary. Alumni have made in-school visits, participated in trivia games, provided recorded welcome and content focused videos and hosted students at the Scotiabank Saddledome. Last season, 57 schools registered for the program, ultimately impacting 2,100 students in southern Alberta.

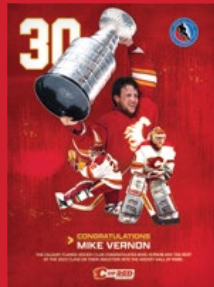

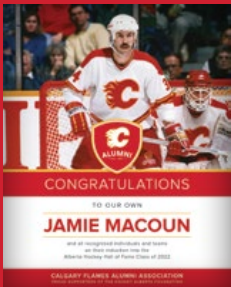

## Goal on Sight

Goal on Sight is a program the Calgary Flames Alumni have run since their inception. They work directly with the Alberta Children's Hospital and other healthcare professionals to identify children who require glasses but their families do not have the resources to purchase them on their own. Since 2023 the Alumni have donated over \$4,400 to the program
