

SENATORS COMMUNITY IMPACT REPORT

Sens Impact

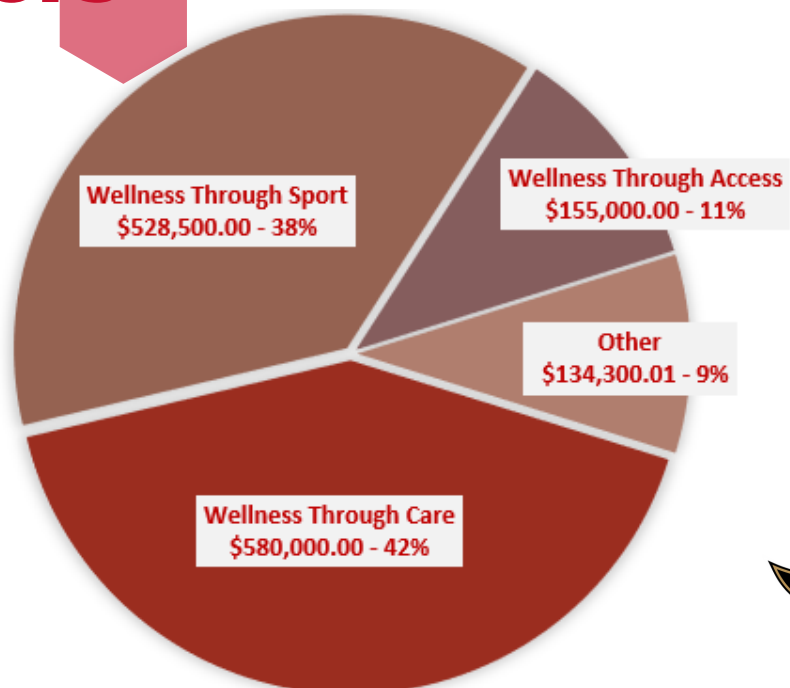

At the Ottawa Senators, caring for our community is woven into our DNA. We are not just a hockey team; we are neighbours, friends, and partners in building a stronger, more resilient Ottawa-Gatineau. The community we play in is the same community where our players, staff, and coaches live, and where many of our fans call home.

This year, we reignited our commitment to making a difference in the lives of children and youth. Whether it's putting a smile on a child's face with a special game-day experience during a tough time or supporting programs that address critical issues like food insecurity and housing—The Ottawa Senators and the Senators Community Foundation have been at the forefront of these efforts.

But we didn't do it alone. Through the dedicated work of the Senators Community Foundation, we have partnered with generous donors, charities, and community leaders to create a positive impact off the ice. Together, we have addressed countless challenges facing our youth and we are proud to share just a few of the ways we've made a difference in our community.

By The Numbers

This year we donated **\$1.4 million** to various charitable partners

Wellness Through Sport
