BOOK JACKETS IS DESIGNED TO BE FLEXIBLE AND EASY TO USE.

The program can be run over any four-week period from August 2024 - May 2025. Once you have selected your program time frame, follow the instructions below to implement Book Jackets in your classroom.

- 1.** Download and/or print the student scorecard and parent letter to send home with students at the start of the program.
- 2.** Determine a classroom reading goal. Share the classroom goal and individual reading goals with your students and their parents.
 - Our recommended classroom goals are between 2,250-10,500 minutes for K-5 grade and 3,750-15,000 minutes for 6-8 grade classes over the 4-week program.
- 3.** Have students, with the help of their parents, use the student scorecard to record how many minutes they read or have read to them outside of the classroom each day.
- 4.** Check in with your students and update your classroom poster throughout the 4-week period.
- 5.** At the end of your four weeks, visit BlueJackets.com/BookJackets to submit your classroom results.
- 6.** Prizes will be sent to you within four weeks of your submission.
