**TRAINING CAMP NOTES**

**Player Information Note:** The players listed in this guide are those who were expected or invited to attend camp as of **September 18**.

**Roster Cutdown:** As part of the current collective bargaining agreement, NHL clubs cannot carry more than 23 players on their active roster. There are no mandatory cutdown dates, but teams must be at their limit by their first regular season game. Additional players attending camp, but not making the Sharks, will be assigned to the Sharks' top development affiliate, the San Jose Barracuda of the American Hockey League, other minor league teams or returned to their respective Junior or European clubs.

**Media Availabilities:** All training camp practice sessions, including day-of-game skates at Sharks Ice at San Jose, are open to the media. Please note that due to various factors including team breakdowns, schedule post-practice workouts, testing or meetings, not all players may be available to the media at the same given time. If you are looking to speak with specific players, it is best to check with the Sharks Media Relations staff to coordinate timing. Most availability sessions will take place at the conclusion of the day's respective on-ice sessions.

**Public Viewing of Practice:** All practice sessions at Sharks Ice at San Jose will be open to the public. Please check the Sharks Practice Schedule for further details. Spectators must sit in designated seats at all times, **with no exceptions**. Please note that Sharks Ice at San Jose contains six ice rinks and all may be utilized on a daily basis.

For the safety of all guests at Sharks Ice at San Jose, security will conduct screening checks, which may include both walk-through metal detectors and X-Ray bag screening at each Sharks practice. All guests should only enter via the connector area in the front part of the building. If you park in the back of the facility, please walk around to the front of the building to access the Sharks Rink. There will be no access via the Grey Rink or Tech CU Arena entrances.

Parking at Sharks Ice is limited. Additional parking is available in the parking structure across the street at a small fee.

**MEDIA INTERVIEW POLICIES**

**Practices - Sharks Ice at San Jose or SAP Center at San Jose:** All interview requests should be directed to the Sharks media relations staff. The recommended time for media to interview Sharks players is immediately following all practice sessions, unless a team meeting or workout is planned. Please confirm with Sharks media relations staff on the most up-to-date interview policies and locations.

**Other - Team hotel or road exhibition games:** All interview requests should be directed to the Sharks media relations staff. All interviews at the team hotel or at road exhibition games must be cleared through the Sharks media relations staff. Please confirm with Sharks media relations staff on the most up-to-date interview policies and locations.

**Head Coach Ryan Warsofsky:** Is typically available to the media at the conclusion of each day's practice session, unless a team meeting is planned. Requests for interviews at a location other than the practice site (i.e. team hotel, road exhibition buildings, etc.) must be cleared through the Sharks media relations staff. Please confirm with Sharks media relations staff on the most up-to-date interview policies and locations.

**Games:** The Sharks will designate a postgame interview area for select, requested players and head coach Ryan Warsofsky following the conclusion of each game. Please check with Sharks media relations staff on the location of interviews at SAP Center or while on the road.

**MIKE GRIER**  
GENERAL MANAGER

Entering just his third season as general manager of the San Jose Sharks, Mike Grier continues to reshape the franchise from a struggling, once-perennial Stanley Cup Playoff contender into one of the most enviable up-and-coming teams in the National Hockey League.

Grier, 49, has overall authority regarding all aspects of the Sharks hockey-related operations, including overseeing all player personnel decisions, leading the club's player evaluation process at all professional, minor, and junior levels, negotiating player contracts, directing the club's on-ice coaching and off-ice support staffs, and managing the efforts of the team's scouting department.

Since being named the fifth general manager in Sharks franchise history on July 5, 2022 – and becoming the first Black general manager in the history of the National Hockey League – Grier has strategically reshaped the Sharks organization in nearly every conceivable area: administration, coaching, player development, and the team's NHL roster and prospect pool.

Shortly after taking over the role, Grier began the difficult but necessary process of re-stocking the organization's pipeline of talent, acquiring young player assets and draft picks in exchange for many of the team's existing veteran players, many of whom were playing on long-term and high dollar contracts. In his first two seasons, Grier made a series of high-profile trades to shed contract term and salary, parting ways with players such as Brent Burns, Timo Meier, Erik Karlsson and Tomas Hertl.

Those transactions, while difficult, allowed the team to bring in young players and prospects such as Fabian Zetterlund, Shakir Mukhamadullin, and the team's eventual 2023-24 leading scorer Mikael Granlund.

Perhaps most importantly through these transactions, Grier also acquired multiple first-round draft selections and used those picks to reinvigorate the team's pipeline into one of the top rated prospect pools in the NHL. In the 2022 and 2023 NHL Drafts, Grier and his staff selected Filip Bystedt, Will Smith and Quentin Musty in the first round. In 2024, the Sharks won the NHL Draft Lottery and were awarded the first-overall pick, selecting 2024 Hobey Baker Memorial Award winner Macklin Celebrini, and also selected defenseman Sam Dickinson at 11th overall.

While overseeing the team's three drafts, the Sharks have selected a total of 10 players in the first two rounds. The Sharks 10 selections, five players in the first round and five players in the second round, is behind only Chicago (13), Seattle (12), Utah and Anaheim (11) for most players selected in the opening two rounds since 2022. Currently, San Jose owns a pair of draft choices in the first two rounds of the 2025 NHL Draft (one first, one second), and four total picks in the opening three rounds.

Just prior to the start of the 2024-25 season, Grier packaged the return from the Hertl trade – forward prospect David Edstrom and Vegas' first round 2025 selection (top-10 protected) – to the Nashville Predators in exchange for hockey's top-rated goaltending prospect, Yaroslav Askarov, further enhancing the team's pipeline of players.

Prior to joining the San Jose organization in his current role, he was hand-picked by New York Rangers President and General Manager and former teammate Chris Drury to serve as a hockey operations advisor. In that role, Grier assisted Drury in hockey-related decisions and off-ice player development, and assisted prospects in the Rangers organization, including players with the Rangers' American Hockey League (AHL) affiliate, the Hartford Wolf Pack.

During the 2021-22 season, a rebuilding Rangers team experienced a 50-point improvement over their 2020-21 campaign, finishing with a 52-24-6 record and 110 points, a second-place finish in the Metropolitan Division (seventh overall in the NHL) and advanced to the Eastern Conference Final, before succumbing to the Tampa Bay Lightning in six games.

Grier also served on USA Hockey's selection committee for the 2022 World Championships, where he assisted in scouting, evaluating and selecting players for the U.S. team.

Grier served as an assistant coach with the New Jersey Devils for two seasons (2018-20). As a member of Head Coach John Hynes' staff, Grier worked directly with the forwards and assisted with the Devils special teams. During his two seasons with the Devils, New Jersey's penalty killing ranked third in the NHL (83.4%) and their net penalty killing percentage was second overall (87.4%). He was also responsible for pre-scouting the Devils opponents.

From 2014-18, Grier served as a scout with the Chicago Blackhawks, including their 2015 Stanley Cup Championship season. Grier focused on scouting amateur and professional players, including the team's prospects and prospective player acquisitions both at the NHL level and via the NHL Draft.

From 2013-17, Grier served as an assistant coach at St. Sebastian's Prep School in Needham, Mass. He has also been active in working on skill development with collegiate and high school hockey players in the Boston area (2011-2017).

As a player, Grier spent 14 seasons in the National Hockey League as one of the game's top defensive forwards and leaders. He amassed 1,060 NHL games with the Edmonton Oilers, Washington Capitals, Buffalo Sabres, and the Sharks, collecting 383 points (162 goals, 221 assists) along with 510 penalty minutes. He served as an alternate captain and as a member of the leadership group with each of his NHL teams. As a physical, penalty-killing forward annually in the conversation for the Frank J. Selke award, Grier helped establish a top unit on multiple teams, including a League-best penalty kill efficiency on San Jose in 2007-08 (85.8%), fifth-best in 2008-09 and he helped Buffalo achieve the second-best efficiency in 2009-10 (86.6%).

During his NHL tenure between 1996-2011, Grier tied for 11th amongst all NHL players with 20 short-handed goals. Despite the NHL not tracking advanced statistics until the 2005-06 season, Grier ranks 10th amongst all NHL forwards in blocked shots (315) and 33rd in hits (705) over the course of his career.

He initially joined the Sharks organization as a free agent on July 3, 2006 and over the next three seasons, appeared in 221 NHL games, recording 78 points (35 goals, 43 assists). As an alternate captain, Grier helped the Sharks reach the Stanley Cup Conference Semifinals in 2006-07 and 2007-08. He was also a member of the Sharks 2008-09 Presidents' Trophy-winning club that won 53 games and earned 117 points.

His best season with the franchise was in 2006-07 where he registered 33 points (16 goals, 17 assists) in 81 games and led the club in short-handed goals (three). He then added four points (two goals, two assists) in the 2007 postseason in 11 games, which included a two-point game where he scored a goal and assisted on the game-winning goal by Patrick Rissmiller in the second overtime of Game One of the Western Conference Quarter Final against the Nashville Predators, en route to a 4-1 series victory for the Sharks.

Originally selected by the St. Louis Blues in the 1993 NHL Draft (ninth round, 219th overall), Grier's rights were later traded to the Edmonton Oilers, along with goaltender Curtis Joseph, for St. Louis' first-round selections in the 1996 and 1997 NHL Drafts. Grier earned a spot on the Oilers roster directly after his collegiate career and never played a game in the minor leagues. Upon his NHL debut on Oct. 4, 1996, Grier became the first African American born and trained in the U.S. to play in the NHL.

Grier's teams appeared in the Stanley Cup Playoffs in 11 of his 14 NHL seasons, including advancing to the 2006 Eastern Conference Final, where Buffalo narrowly lost a seven-game series to Carolina. In 101 Stanley Cup Playoff games, Grier tallied 28 points (14 goals, 14 assists) and 72 penalty minutes.

Grier has also had a long-standing relationship as a player and a coach with USA Hockey, beginning with being selected to the 1995 World Junior Championship team. He was a member of the 1996 U-21 National team and captured a bronze medal at the 2003 World Championships, where he was named an assistant captain. Off the ice, Grier served as coach at the USA Hockey 17s Festival and the CCM All-American Prospects Game in 2014, was an assistant coach for the U.S. women's national team for the Winter Series vs. Canada (2016) and was a coach and a member of the selection committee for the U.S. women's national team Olympic evaluation camps (2015-2017) ahead of the 2018 Winter Games.

Prior to his NHL career, Grier played for Boston University over three seasons, compiling 120 points (59 goals, 61 assists) in 114 games. He helped lead the team to an NCAA Championship in 1995 and captured a Hockey East Championship in two consecutive seasons (1993-95). Following the 1994-95 season, he was named to the All-Hockey East First Team, selected to the Division I AHCA All-American Team, won the Walter Brown Award as the best U.S.-born collegiate player in New England, and was a finalist for the Hobey Baker Award, awarded to the top collegiate hockey player. Grier was selected as the BU's captain for the 1995-96 season but withdrew from the university to begin his NHL career.

Grier comes from a family embedded in the fabric of leadership, scouting and development in professional sports. His father, Bobby, is a long-time executive in the National Football League, with stints in scouting, player personnel and as an advisor with the New England Patriots and Houston Texans. He currently serves as a consultant with the Miami Dolphins. His brother, Chris, has served as general manager of the Miami Dolphins since 2016. Chris worked as a scout for Miami dating back to 2000, and previously worked in scouting with the Patriots beginning in 1995.

In 2022, Grier was named to the EBONY Power 100 List in the Business Disruptors category, recognizing the groundbreaking achievements and societal contributions of industry leaders championing for change across industries.

Grier, a native of Detroit, MI, and his wife, Anne, have three children: sons Jayden and Tristan, and daughter Brooklyn.

**SHARKS HOCKEY OPERATIONS BIOS****JOE WILL****ASSISTANT GENERAL MANAGER, SAN JOSE SHARKS | GENERAL MANAGER, SAN JOSE BARRACUDA**

Joe Will begins his 14th season as assistant general manager for the San Jose Sharks and his 12th as general manager of the Sharks' American Hockey League affiliate (Worcester Sharks and San Jose Barracuda).

On Apr. 7, 2022, Will was named interim general manager for the Sharks, and handled the day-to-day duties as general manager in addition to his role as the assistant general manager until the hire of Mike Grier on July 5, 2022.

In San Jose, Will works closely with general manager Mike Grier on all daily departmental functions and his primary responsibilities include contract research and negotiations, scouting operations, fiscal planning, salary cap analysis and hockey administration. He's the lead coordinator and planner for the Sharks training camp, scouting meetings and scouting conference calls each season.

In addition, as general manager of the San Jose Barracuda, he oversees all of the hockey operations for the Sharks AHL affiliate, including player evaluation, player contracts, and player recall and reassignments.

In an effort to strengthen the organization's player development system and program, the Sharks relocated their American Hockey League affiliate to San Jose. Beginning in the 2015-16 season, the Barracuda became a part of the AHL's new Pacific Division and now play at Tech CU Arena, established in 2022. The move west eliminated the need to fly players across the United States in the event of recalls and reassignments, adding valuable rest and practice time. It also allowed for greater interaction and observation from San Jose's development coaches.

The relocation has paid immediate dividends. The Barracuda finished the 2016-17 season with the second-best winning percentage in the AHL (0.699%), winning the Bud Poile Trophy as the Western Conference regular season champions and the John Chick Trophy as Pacific Division champions, and earning an appearance in the Western Conference Final. In addition, the Barracuda held an AHL season-long winning streak of 14 games, paced the AHL in goals per game (3.44), ranked second on the power play (23.8%), eighth ranked penalty kill (83.3%) and had nine different players spend time on the Sharks roster, all while having the fifth youngest team in the league. The season marked one of the most successful campaigns in San Jose Sharks minor league affiliate history.

Moreover, individual feats highlighted the 2016-17 season; Troy Grosenick became just the fifth goaltender in AHL history to reach double-digit shutouts (10) earning him the Aldege "Baz" Bastien Award (goaltender of the year) and a First Team AHL All-Star nod; Danny O'Regan received the Dudley "Red" Garrett Memorial Award as the AHL's rookie of the year; and Tim Heed merited Second Team AHL All-Star honors.

All of these accomplishments occurred following a concerted effort by the front office to reinvigorate the organization's prospect pool, largely spearheaded, at the AHL level, by Joe Will. On top of the Barracuda players who were recognized with major awards, Roy Sommer was named as the AHL's Coach of the Year (Louis A.R. Pieri Award).

One of Will's most important duties involves the tracking, analyzing and projecting of the team's player payroll relative to the current and future National Hockey League salary cap to give the team the financial flexibility to ice a championship-caliber team each season.

Will, 58, also works with the organization's professional scouts and management team in player research for expansion, waivers, free agency and trades. His expert analysis of economic trends in the NHL has led to the Sharks acquisition and retention of several key veteran players over his time with the club.

Prior to his current roles, Will served as the team's director of hockey operations from 2004-2011. A member of the Sharks organization since the franchise's inception in July 1990, he has also previously served as assistant to the general manager and scouting coordinator.

The Bloomington, Minn. native also works with director of scouting Tim Burke in the development and implementation of draft prospect testing, draft table operations and computer scouting analysis. Will is an integral part of the team's draft-day strategy. Without his coordinating efforts, the team would not have drafted 2001 Calder Memorial Trophy winner Evgeni Nabokov in 1994. In addition, he developed the Sharks computer scouting program that pioneered the advent of scouting programs now used throughout the NHL.

Prior to joining San Jose, Will spent six years in the Minnesota North Stars organization in various capacities.

**RYANE CLOWE****ASSISTANT GENERAL MANAGER**

Ryane Clowe returns to the Sharks franchise in his first season as Assistant General Manager. Clowe will work closely with Grier and assistant general managers Tom Holy and Joe Will overseeing all aspects of the Sharks hockey operations department.

Clowe spent the last three seasons with the New York Rangers as senior advisor and hockey operations advisor to General Manager Chris Drury. In that role, Clowe assisted Drury in all areas of hockey operations, including scouting. The Rangers successfully made the post season the past two seasons, including reaching the Eastern Conference Final last year, before being eliminated by the eventual Stanley Cup Champion Florida Panthers.

Previously, Clowe spent the 2018-19 season as head coach for the Newfoundland Growlers but stepped down from the role due to health concerns. Between 2016-2018, he served as an assistant coach with the New Jersey Devils, working under John Hynes.

Clowe played in ten NHL seasons between 2005-2015, primarily with the Sharks. Drafted by San Jose in the sixth round (175th overall) of the 2001 NHL Draft, Clowe played in 423 games with the Sharks, posting 271 points (101 goals, 170 assists) and 567 penalty minutes. His 271 points place him 14th on the Sharks all-time scoring list and he ranks fifth all time in penalty minutes.

Clowe was also a prominent contributor on the Sharks Stanley Cup Playoff runs, adding 45 points (18 goals, 27 assists) and 97 penalty minutes in 68 postseason games. His 97 postseason penalty minutes are tops in franchise history and he ranks seventh in playoff points and 10th in postseason games played.

The rugged power forward finished his stellar career with the New York Rangers and New Jersey Devils between 2013-2015. In total, he appeared in 491 regular season NHL games, collecting 309 points (112 goals, 197 assists) and 618 penalty minutes.
