MEMBERSHIP**

**WE ARE
COMMITTED.**

“

We want you to know that we are committed to providing you with exceptional value and the very best game experience each night.

– Cyril M. Leeder

What a year this has been for the Ottawa Senators. In the fall, the Hockey Club welcomed a new ownership group led by Michael Andlauer. Our ownership team also consists of many local business and community leaders from Ottawa-Gatineau. Under Michael's stewardship, the Hockey Club is headed forward and is charting a new course. Our Hockey Operations are now led by Steve Staios, Dave Poulin and Ryan Bowness. The commitment and passion to succeed demonstrated by Michael, Steve, Dave and Ryan rivals anything I have seen in this game. I can confidently state that the best days for the franchise sit firmly in front of us.

It has been a year of change for me personally as well; returning to the Senators has been better than I could ever have imagined. The warm welcome from the fans and the business community has been amazing. Thank you all.

As we begin our Season Seat Member renewal and new sales process, I thought this was an appropriate time to connect with you and thank you for your incredible support and commitment to the Senators. Simply stated, there is a public trust between the Club and our fans. We thank you for the substantial financial and emotional investment that you make in our Hockey Club. We want you to know that we are committed to providing you with exceptional value and the very best game experience each night.

The organization continues to review and update our fan experience – from the instant you set out for the game until the moment you arrive home – and all points in between. We are making annual investments in the fan experience at Canadian Tire Centre to assist in this regard. For our business partners, we continue to grow and develop innovative ways to engage our clients and reaffirm our position as the top destination for corporate partnerships and hosting in the National Capital Region.

Off the ice, the Senators Community Foundation continues to make waves in our community both as a thought leader in philanthropy and giving and as the conduit between the Senators hockey team, our players and the community. We are blessed with a group of players who understand the value of contributing back to their community and who embrace and appreciate our fans and supporters.

It is an exciting time for the franchise and from top to bottom, we are committed to providing Ottawa-Gatineau with a great on-ice product and a terrific fan experience every time you visit Canadian Tire Centre.

Thank you again for your loyalty and commitment and I look forward to seeing you at the arena this year and in the years to come.

Go Sens Go

Sincerely,

Cyril M. Leeder, FCPA, ICD.D
President and CEO

SEASON SEAT MEMBERSHIP
IS ABOUT MORE THAN
ATTENDING GAMES.

YOU BECOME A PART
OF SENS ARMY,
A PART OF THIS TEAM.
